EXPERIENCE

Neverinstall | Product designer [\(Website\)](#)

January, 2022 - Present | Bangalore, India (On-site)

- **Led a comprehensive overhaul of Neverinstall's UI in dark mode for the 2023 product launch**, deep diving into user journeys, information architecture, personas, competitive analysis, and design systems. Achieved **3X organic user onboarding** and a **40% revenue boost**.
- **Developed a B2B SaaS platform tailored to admins, employees, resellers**. Designed an entire persona-based user flows for dashboards with onboarding, team management, payments, reports, support & deployment, driving significant engagement across all user types.
- **Integrated an AI assistant module** to automate key in-app tasks. Conducted behavior analysis using heatmaps, optimizing frequently visited features and **enhancing the overall UX with a 25% faster** task completion time.
- **Designed & Integrated 'CloudLink' for users with existing cloud credentials**. Streamlined the onboarding for users to create their own OS workspace within a browser environment.
- Redesigned "Spaces" module based on user feedback, allowing users to launch multiple apps & extensions from a collection **to improve user's efficiency & productivity by 50%**

PROJECTS

The Distinguished Society | Product designer [\(Website\)](#) [\(Social handle\)](#)

April, 2021 - August, 2021

- Spearheaded the design of "The Distinguished Society" an e-commerce website for a clothing brand, driving a remarkable **60% increase in their business globally**.
- Managed end-to-end process independently- **concept ideation, UX research, wire-framing, prototyping, testing, deployment** by ensuring platform's **quality, reliability & scalability**.
- Enhanced the platform flow by integrating secure payments, order & shipment tracking to improve **functionality, operational efficiency & overall user experience**.

Let's Play | Product designer, Graphic Designer [\(Demo link\)](#) [\(Social handle\)](#)

June, 2020 - September, 2020

- Conceptualized & designed an online sports booking mobile app that streamlines venue booking, **cutting 80% of manual effort**, connect with people & communities - all in one place.
- Conducted various **surveys, interviews, meetings to understand user requirements and business needs** to deliver Personalized user experience and seamless application flow.
- Ideated & designed Graphics, social media posts, managed all the creatives across the platform that **drives marketing to meet certain business goals for the product reach**.
